This spectacular aerial photo of U. S. tanker torpedoed somewhere in the Atlantic graphically illustrates heroic role U. S. merchant sailors are playing. Despite raging oil fire, the crew brought flames under control and tanker was towed to port by U. S. naval ship, is being repaired and will soon be back in service. (U. S. navy photo).

Defenders of City of Stalin Bravely Hold to Positions

Rout Nazis to Northwest of City Where Crisis Is Acute

By ROGER D. GREENE

Soviet headquarters reported today that the Red armies, surging down upon the German left flank, had defeated two Nazi divisions along the flaming 40-mile corridor between the Don and Volga rivers, while inside Stalingrad the crisis remained acute.

A bulletin from German field headquarters said a new section of northern Stalingrad had been taken by storm.

Despite staggering losses, the Germans continued to throw great masses of troops into the 37-day assault, and the army newspaper Red Star declared gravely: "Conditions in the city remain serious. The Germans have big losses, but the attacks do not lessen and violence grows."

Soviet gunners were reported to have slaughtered more than 500 Germans yesterday as the invaders launched repeated, futile attacks to widen a wedge in Stalingrad's northwest section.

While acknowledging the gravity of the situation within Stalingrad, Red Star declared that Russian troops had repulsed Nazi shock forces which knifed into a factory district on the northwest outskirts Monday.

Reds Retain Initiative

Dispatches to the Soviet newspaper Comsomol Pravda declared that "the initiative remains in our hands" on the northwest steppes, though the Germans were reported massing tremendous forces to replace defeated divisions.

On the central (Moscow) front, Russian shock troops were reported to have cut through the "line of the fuhrer" above Rzhev, 130 miles northwest of Moscow, in an attack launched after a barrage of hundreds of guns.

Pravda dispatches said the Russians drove the Germans into retreat and reached a curve on the upper Volga.

The "line of the fuhrer" apparently was the system of heavily fortified defenses erected by the Germans for the last 11 months around Rzhev, a key Nazi stronghold. Trenches, underground communications, mine fields, wire barricades and three lines of fire points guarded the line.

Caucasus Fight Steps Up

Far to the south, in the Caucasus, strong Red army forces are reported to have stemmed a series of attacks by reinforced German columns seeking to break through the Terek valley toward the Grozny oil fields.

The Russians said the fighting throughout the Caucasus was becoming more severe as snow lines kept farther down the mountains and German Alpine troops attempted to capture strategic passes before deep winter sets in. On the Black Sea coast, in the southwest Caucasus, the Russians said they had routed the 12th Russian mountain division below the Black Sea coast, credited with capturing a city, destroying 45 dugouts, 10 block houses and four headquarters, and killing 500 Axis soldiers.

A Berlin broadcast said German troops driving down the coast had reached the suburbs of Tuapse.

THE WAR TODAY

By DEWITT MACKENZIE

(Editor's Note: DeWitt Mackenzie, wide world's noted war analyst, now is in London after a trans-Atlantic flight and the following is his first article on observing wartime Britain. He will proceed to other war zones, when governments and news developments permit, and his reports may be read in The Telegraph from day to day in his column, "The War Today.")

Wide World War Analyst

London, Sept. 30.—The most important thing your correspondent can report from his initial glance at this wartime Britain is that John Bull and his wife and youngsters—that is, the civilian rank and file—not only are amazingly fit, but grimly anxious to get speedily ahead with the bloody work before them.

The spirit of offensive is everywhere.

This is the first chance I have had to size up Britain at close range since January, 1939. That was soon after little Czechoslovakia was sent to the sacrificial altar by the Munich appeasement pact and less than a year before the Hitlerian Frankenstein cut loose his monster on an unprepared world.

One had expected to find changes, of course, but here is a great metamorphosis of the man in the street. Here is a new John Bull—and I know my Briton, having been with him in war and peace through long years in many parts of the globe.

Small things often signal big developments.

At the risk of being called fanciful, I'm going to confess to being mightily impressed during the short time I've been here by an odd circumstance: I haven't seen a single fat, or even plump person.

Now, that is a matter of impression.

Vice Versa

Los Angeles, Sept. 30.—(AP)—What's wrong now may have been right once, and vice versa. That's what keeps people confused, says Dr. Karl M. Bowman, a psychiatrist.

Bowman points out that if a man strolled down the street 20 years ago, a quart of whiskey in one hand and a \$5 gold piece in the other, the whiskey could have brought a jail sentence.

Today? The gold piece would cause the trouble.

Surrender of 35-Hour, Seven-Day Work Week Asked of Union Miners

Washington, Sept. 30.—(AP)—Surrender of the 35-hour, five-day work week was postponed today as a question facing John L. Lewis' United Mine Workers convention opening Oct. 6 at Cincinnati.

Lewis, meeting yesterday with coal mine operators at the request of Solid Fuels Coordinator Ickes to consider longer working hours to increase coal production for war needs, said he could not commit the UMW in advance of its convention.

Expressing opinion that miners would not give up the 35-hour week unless it was shown conclusively that it was necessary for the war effort, Lewis suggested another meeting be held with the operators Oct. 21 after the Cincinnati convention.

Lewis insisted that any longer hour negotiations be undertaken on a national basis instead of by regions, into which the bituminous coal industry is broken up.

Nearly Half Troops in Raid on Dieppe Failed to Return

Churchill Tells House of Unexpected Nazi Strength in City

London, Sept. 30.—(AP)—The allied invasion test at Dieppe met tank barriers of unforeseen strength and the attackers' losses were "very nearly half the total" of the troops involved, Prime Minister Churchill said in the House of Commons today.

As at the first meeting of the reconvened house yesterday, when the prime minister emphasized the undesirability of speculation on the time and place of a second front, his reports were in answer to a battery of questions.

For the third time since the war began, the house received a government bill for a one-year extension of its own life. Thus the government rejected repeated demands from critics of the present commons for a general election.

The house passed the bill by a vote of 215 to nine, prolonging the life of the house for the third time since the outbreak of the war. The bill provided that the northern Ireland parliament also might be continued.

42 Feared Killed in School Bombing

London, Sept. 30.—(AP)—Twenty boys and two teachers including Miss Charlotte Marshall, 27-year-old head mistress were known dead as rescue workers toiled on today in the belief others might be buried in the debris of a boys' school in southern England which was wrecked yesterday by a heavy German bomb.

Eighteen other boys were reported missing as the rescue work proceeded.

The blast injured 34 boys. The victims were among about 70 students doing arithmetic and composition work in the wood and brick building when the Nazi plane attacked.

Boys who escaped told police the bomb which destroyed the school fell into the fireplace and did not explode immediately.

Miss Marshall shouted to the boys to run. Those who did so escaped, but the teacher stayed behind.

Allied Forces Recapture Ridge

Stalingrad Certain to Fall, Hitler Says in Speech to Reich

Dictator Breaks Long Silence to Again Predict Victory

Berlin (from German Broadcasts), Sept. 30.—(AP)—Adolf Hitler told his people today that "we believe that we shall continue to defeat our enemies until final victory is ours."

He assured the German nation that Stalingrad was bound to fall. Hitler's address, his customary winter relief campaign speech to the Nazi party, was made in the packed Sportspalast and broke a five-months' silence.

(On the same occasion last Oct. 4, Hitler told the Nazis that "now it can be declared that the enemy already is broken and will never rise again.")

Field Marshal Erwin Rommel was in the galaxy of top Nazi leaders in the huge sports arena to hear Hitler.

Surprised by his return from North Africa, the crowd earlier had greeted him with tumultuous cheers and Hitler emphasized Rommel's presence by stopping on the way to the speaker's stand to shake the desert general's hand.

Gestapo Chief Heinrich Himmler, Field Marshal Wilhelm Keitel, chief of the high command, and Propaganda Minister Goebbels, who prefaced Hitler's own winter relief appeal with a plea for generosity, faced the crowd alongside their leader.

Cheers, Laughter

Long cheers hailed Hitler's arrival and the cheers turned to laughter when Goebbels, who had denied any rifts within Nazi ranks or deaths of Nazi leaders, turned to Hitler and remarked on his joy at seeing the fuhrer "so hale and hearty."

(The Berlin radio commented that this was "an obvious reference to rumors abroad"—presumably that Hitler was ill.)

Hitler declared that if the British try again to invade Europe, no matter where, "they can deem themselves lucky if they stay for nine hours on the continent, as at Dieppe, for we have made thorough preparations to welcome them."

(The Germans have persisted in the theory that the big commando raid on Dieppe last Aug. 19 was an actual invasion attempt.)

"We are determined to hold this year what we have and to attack where we believe it to be necessary," Hitler went on.

Prepared for Invasion

After three references to Dieppe, Hitler said "we shall not pretend that we are not preparing for a second front."

He told the crowd: "For our enemies, it is nothing if we take Stalingrad, if we pierce through to the Caucasus, if we capture the Ukraine and the Don and if we gain grain and oil for Europe."

"But if they are able to make a landing and painfully succeed in keeping this foothold for nine hours, this is for them an extraordinary sign of the force which the British empire is able to bring up...."

"If I had an enemy of great military caliber I could figure out where we would attempt to attack but as I have to deal with an enemy who is a military idiot one..."

Change of Venue Is Granted to Ziller

Bloomington, Ill., Sept. 30.—(AP)—Circuit Judge William C. Radloff today granted a change of venue to George W. Ziller, indicted on conspiracy and confidence game charges in the alleged "sale" of jobs during construction of Illinois ordnance plants.

Ziller had demanded a change of venue on the allegation that McLean county citizens had been prejudiced against him by newspaper articles and a public statement by Attorney General George F. Barrett.

House Committee Is Well Satisfied With Army Planes

Washington, Sept. 30.—(AP)—A quiet investigation into the quality of American-built Army aircraft was reported authoritatively today to have left a house military sub-committee well satisfied with both the performance and protection of the planes.

Details of the committee's findings, based upon statistics and combat examples submitted by high Army air force officials in executive session, will be made public in a week or two in answer to charges that the Army aircraft are inadequate.

One member of the committee, declining use of his name, declared that the Army ships "are tops," while Rep. Brooks (D-La.), also on the committee asserted flatly that "we've got some of the best planes in the world."

Brooks said actual combat reports showed that the ratio of plane loss stood heavily in favor of Army ships.

Bombers Unequaled

He described the Army bomber as "without an equal" for the long range type of daylight raiding for which it was designed, and declared that other types of Army ships, while "possibly excelled in one feature or another," stacked up well against the planes of other countries.

Meanwhile, the house appropriations committee studied President Roosevelt's request for an additional \$2,862,000,000 to provide thousands of new planes for the Navy, with the likelihood that measure would reach the floor next week.

The new allotment, which would boost the current fiscal year's total for the Navy to approximately \$20,000,000,000, was sent in to supplement the vast carrier construction program already under way.

Nelson Exhorts Workers to Increase Production

Washington, Sept. 30.—(AP)—Men and women in the nation's war industries were urged today to increase production by 10 percent, Nelson said, "unheard of efforts" to increase a rate of output which already surpasses that of Axis Europe.

While reporting yesterday that munitions production last month was 8 percent higher than in July, Nelson asserted the showing was "nothing to brag about" because "the plain fact of the matter is that production lagged in August about 14 percent behind the first-of-the-month forecasts."

"We must all do more and we must do it in a hurry," the WPE chairman said. "We are entering the crucial fourth quarter of the year. We must exert unheard of efforts and we must give the closest attention to scheduling, inventories, and allocations of materials if we are to push the production curve as high as it must go."

The output of all war goods in 1942, he said, should exceed the \$45,000,000,000 mark previously set for the year.

Stocks of Rubber Boots, Work Shoes Are Frozen

Washington, Sept. 30.—(AP)—Stocks of rubber boots and rubber work shoes were frozen today by the War Production Board until Oct. 5 when they will be sold on certificate only to workers essential to the war or to public health and safety.

Announcing the order yesterday, WPB explained that ordinary rubbers, arctics, gaiters and women's and children's rubber boots, mostly made from reclaimed rubber, will not be rationed at this time.

The order, the government's first affecting rationing of clothing, resulted from a mounting demand from industrial and agricultural workers for six types of rubber boots and rubber work shoes requiring a high content of crude rubber.

These types were hip-height rubber boots; over the knee boots; heavy short rubber boots; light weight short rubber boots; rubber pacs and booties 10 inches or more in height, and rubber pacs, booties and work shoes less than 10 inches in height.

The order said applications for certificates may be obtained from local rationing boards.

Rumanians Massacre 25,000 Reds in Odessa

Moscow, Sept. 30.—(AP)—The Soviet radio said today a letter received in Moscow reported that Rumanian troops had massacred 25,000 Russians in Odessa, axis-occupied Black Sea port.

The victims were declared locked in barracks and blown up. The radio said the troops then poured oil on the wreckage and burned the bodies.

Nipponese Retreat Hastily in Jungle Land of New Guinea

"Our Advance Continues", Gen. MacArthur Says in Communique

General MacArthur's Headquarters, Australia, Sept. 30.—(AP)—Allied mountain troops, sifting through the difficult jungle and mountain country of the Owen Stanley range, have captured the first objective of their New Guinea offensive, sent the Japanese into a hurried northward retreat and seized quantities of abandoned Japanese equipment, a communique said today.

Consolidating their positions on Oribaiwa ridge, which was retaken from the enemy, the allied troops are pursuing the Japanese toward Kuro, ten miles north of the ridge, where the enemy has established new defense positions.

With the conquest of Oribaiwa ridge, which the Japanese had prepared for defense with barricades and field trenches, the allies have successfully started the difficult and perilous task of driving the enemy back over the 88-mile trail to Buna along which he advanced to threaten the allied advance base at Port Moresby.

"Our advance continues," General MacArthur's communique said.

It was expected that strong resistance would be encountered near Nauro village and the creek at the base of the next mountain ridge, north of Ioribaiwa.

Allied bombers pursued the retreating Japanese relentlessly, pounding their rear positions at Menari, four miles north of Nauro. At the same time heavy bombers moved down the trail to Buna and destroyed six barges used to transport supplies down the coast. Other enemy installations on the beach and airdrome also were attacked.

Another allied air unit struck at Salamaua, large Japanese base up the New Guinea coast from Buna, bombing the airfield and dispersal areas.

The exact distance covered in the allied land advance could not be determined because of the rugged country. The recaptured ridge is approximately 32 air miles from Port Moresby and 55 miles by trail.

The Japanese radio broadcast a report last night that Japanese naval units had made landings in the Tanimbar, Kel, Ara and Sabar islands between Australia and New Guinea.

First of Messages on War Published

The first of a series of 16 full page advertisements in the War Message Series appears in this edition of The Telegraph. More than 100 individuals, firms and corporations have endorsed the campaign and have joined The Telegraph in presenting this series of war effort pages during the next three months.

While the pages from week to week will deal mainly with the government's War Bond and Stamp program other timely war messages will be included.

The following have added their support and their names will appear on the pages from week to week with those previously listed: Plum Hollow Country Club; I. F. Knauer Democratic candidate for sheriff; Boyd Casket Co.; Chapel Hill Memorial Park; H. V. Massey Ace Hdq.; Dixon Oil Co.; Lee County Farmers National Farm Loan Assn.

26,000 "Heirs" of \$17,000,000 Estate Snap to Attention Today

Philadelphia, Sept. 30.—(AP)—A world-wide army of "heirs"—26,000 of them—snapped to attention today and Orphans court began shaking another family tree to find the rightful owners of the estate of eccentric Mrs. Henrietta Schaefer Garrett—who once drew a will but neglected to dispose of \$17,000,000.

Hearings were resumed where they left off last June 26, when the claims of the late Herman A. Kretschmar of Okawville, Ill., and the estate of Howard S. Kretschmar of Chicago were being presented. Like thousands of others, the Kretschmars said they were Mrs. Garrett's first cousins.

Important

The front page of every newspaper is reserved for the most important news of the day. The Evening Telegraph yesterday considered the most important news the fact that a shortage of scrap metal seriously threatens the production of arms and ammunition for the fighting forces of this country.

The front page of the paper was therefore dedicated to a Plea for YOUR help in overcoming the imminent and immediate peril to our armed forces. It is a job that can only be done by the individual effort of every citizen working collectively. It is a job worth doing because every ounce of scrap metal you personally dig up in your home, in your factory, on your farm or in your business goes to shorten the war and save the lives of our fighting men. Your government has called for your help. GIVE IT!

Ruffing and Mort Cooper Hooked Up in Series Opener

Sportsman's Park, St. Louis, Sept. 30.—(AP)—Old Red Ruffing faced big Mort Cooper today as the mighty New York Yankees and the St. Louis Cardinals collided in the opening game of the 1942 world series before a capacity crowd of approximately 35,000.

It was the sixth time in the long and lustrous career of Ruffing that he had been named to inaugurate a world series for the Yankees and has won all but one of these assignments.

Now, 38 years old, the rugged righthander has lost some of his speed and his record this season was a comparatively shrunken 14 to 7, but he still retained the confidence of Manager Joe McCarthy as a winner when the going gets tough.

Facing Cooper, ten years his junior, Ruffing drew a difficult task today. The star of the Cardinals won 22 games and lost seven during the year and numbered among his conquests 10 shutouts. There was no question that the Redbirds based all their hopes of ousting the Yanks from the world championship on him.

Teams in Good Shape

Both teams were in good shape and good spirits as they took the field and the lineups were unchanged from the orders the two managers had indicated in advance of the series.

The batting order:

Yankees	Cardinals
Rizzuto ss	Brown 2b
Rolfe 3b	T. Moore cf
Cullenbine rf	Slaughter rf
DiMaggio cf	Musial lf
Keller lf	W. Cooper c
Gordon 2b	Hopp 1b
Dickey c	Kurowski 3b
Hassett 1b	Marion ss
Ruffing p	M. Cooper p

Umpires—Magerkurth (N. L.) plate; Summers (A. L.) first base; Barr (N. L.) second base; Hubbard (A. L.) third base.

Good Guess

Kansas City, Sept. 30.—(AP)—Thomas Smith, 55, sat on a downtown curb to rest and fell asleep.

Awakened by a sharp pain in his left foot, he was taken to the hospital where examination revealed a fractured bone.

"I guess a car must have run over me," he speculated.

The records of the scramble for her fortune have been marked by murder, scandal, perjury and fraud. A man in Germany killed his uncle and aunt in a quarrel over the wealth, then killed himself. Members of one Pennsylvania family forged a family Bible to support a fraudulent claim. Hundreds have perjured and some witness have disappeared mysteriously. Meanwhile the fortune grows at the rate of \$500,000 a year.

Senate Throws Out Govt. Provision to Change Farm Parity

Bases Substitute Measure on Cost Raises Since Jan. 1, 1941

Washington, Sept. 30.—(AP)—The senate voted today to strip from the administration's anti-inflation legislation a provision changing farm parity standards, inserting instead a compromise amendment directing the lifting of farm price ceilings where they did not reflect labor and other cost increases since Jan. 1, 1941.

The amendment was offered by Democratic leader Barkley of Kentucky. The vote was 86 to 4. (Senators Brooks and Lucas of Illinois voted for the amendment.)

It would require that an "adequate wage" should be accorded to farm labor in computing the increased costs over those prevailing on January 1, 1941, which farmers have had to bear in producing crops.

Its adoption ended an eight-day controversy between the administration and the senate farm bloc over the terms governing the proposed directive to President Roosevelt to stabilize prices, wages and salaries at Sept. 15 levels, so far as practical.

In going along with the revised Barkley proposal, the farm bloc surrendered an advantage it gained yesterday when it forced insertion into the bill of a provision requiring the recalculation of present parity standards upward to include farm labor costs.

A similar amendment, to which Roosevelt has said he was "unalterably opposed," previously had been written into the anti-inflation measure when it passed the house.

As previously drawn, the Barkley amendment would require the president to take farm labor and other costs into account if ceilings proved to be too low, but would fix no date from which increases could be calculated. Farm senators have contended that only future increases, which occurred after the bill was signed, could be considered under its terms.

Fight In View

Before Barkley's proposal could be acted on, Senator Hatch (D-NM) sought to amend it to provide that the farmer's cost of producing his crops must be taken into account before price ceilings could be placed over them.

No one seemed to know exactly how much this would raise the ceiling levels, but administration lieutenants battled against the move on the theory that it would wreck the over-all directive to President Roosevelt to stabilize prices, wages and salaries at Sept. 15 levels, so far as practical.

Barkley had proposed a compromise amendment drafted by Senators Rued (R-Kan.), Tydings (D-MD) and O'Mahoney (D-Wyo) which would direct the president to raise farm price ceilings in any cases where they did not reflect increased labor and other costs to growers.

He had hoped to offer it in a parliamentary form requiring that it be voted on without amendment, as a substitute for the farm bloc proposal which the senate adopted temporarily yesterday to alter the present basis of computing parity prices to include farm labor costs.

A ruling by Vice President Wallace, however, laid the Barkley proposal open to the Hatch amendment and Senator Brown (D-Mich.), floor manager for the bill, said he frankly didn't know whether the latter could be beaten or not.

19,500 Positions in State Service Now Fully Classified

Gov. Green Now Plans Equal Pay for Same Kind of Service

The huge task of classifying 19,500 positions in the state service has been completed, Governor Green announced today. The next step in his plan to adopt a policy of "equal pay for equal work" will be the determination of a salary schedule to apply to all employees doing similar work in the various state offices the governor said.

"The 19,500 state employees have been grouped into 526 classes, which are about one-half as many as are contained in the present state budget and nearly 400 less than the state civil service commission now carries on its list of positions," Governor Green said.

"The new classification seeks to set up the same job title for persons doing similar work, regardless of the departments in which they are employed. When it becomes possible to put a salary standardization plan into effect, the changes should result in improved employee morale and thus bring increased efficiency to the state service."

"The first step in the study to work out a proper salary standardization plan is to determine what salaries other states and other public and private employers are paying for similar duties. Fourteen hundred industrial plants and 82 hospitals have already replied to our request for data on salaries."

"Salary standardization plans have been adopted in four neighboring states, Michigan, Indiana, Wisconsin and Minnesota, and our survey staff reports that they are working out satisfactorily. If Illinois adopts the policies in effect in those states, employees paid now below the levels of the standardization salaries would receive increases, while those above the levels would not have their salaries reduced. These employees came into the state service, many of them a number of years ago at an agreed rate of pay and it would be unfair to them, particularly in view of the increased cost of living now, to cut their salaries. When an employee paid above the designated level leaves the state's service, however, the position would be filled at the proper standard salary."

Should Improve Service
"Adoption of a standardized salary schedule based on duties performed, responsibility of the position and training required should bring real improvement in the standards of administration in our state government and should result in considerable economies."

The survey, which was begun last December at the request of Governor Green, has been supervised by George B. McKibbin, state director of finance, who employed the Public Administration Service, a non-profit organization, to carry on the work. Questionnaires were sent to employees of every code department and independent commission under the jurisdiction of the governor. Employees in the offices of other elected state officers were not included.

When the survey staff had completed its study of the questionnaires, had consulted with supervising officers in all divisions and institutions, and had grouped the employees into the 526 classes, lists were prepared for the various state offices showing the allocation of the various positions. Meetings are now being held with department heads to give them an opportunity to call attention to positions which they believe are improperly classified. When the survey staff completes these conferences, each employee will receive a notice of the classification given him and will be permitted to submit an appeal which will be considered.

"The survey will be of great importance to the department of finance because it will furnish a standard on which we can judge the budget requests of the various departments and other offices," Director McKibbin said today. "Heretofore, it has been almost impossible to compare budget requests of the various departments because of the varied titles given and the differing salaries paid to employees doing similar work. It will also lighten the burden of the state civil service commission by reducing the number of examinations which must be held."

"And for the first time in the history of the state government, each department head will have a permanent inventory of positions as a guide in filling vacancies and in instituting economies through

BOYS IN THE SERVICE

CAPT. JOHN SENN

Son of Mr. and Mrs. John Senn, route 3, Dixon, who is now in South America. His brother, DeForest, who has been spending a furlough with his parents, will return to his duties at Bents Field, Ga., tomorrow.

Mr. and Mrs. Clint Clemans of Franklin Grove have received a letter from their son, Charles, who before his induction into service, was manager of the produce department at the Dixon A. & P. super store. He states that he is in good health but he appreciates hearing from friends. His address is: Corp. Charles Clemans, AS-N-352702, Q. M. C-APO No. 1227, care postmaster, New York City, N. Y.

Mr. and Mrs. Burton Woodworth have received word from their son, Pfc. Burton Woodworth of the U. S. Marines who recently was graduated from Navy Pier and is now an aviation machinists' mate.

Mr. and Mrs. Oliver Maronde of Oregon have received word that their son Rodney who is in the army air corps, has been transferred from Chanute Field to Washington, his new address being: Pvt. Rodney A. Maronde, 1st provisional squadron, 2nd A. A. F. T. D., Yakima, Washington.

Brig. Gen. John M. Willis, commander at Camp Grant today announced that Captain Stirling P. Stackhouse, M. C., of 808 North Galena avenue, Dixon, has been assigned to the 30th medical training battalion at Camp Grant. Announcement was also made that Pvt. Albert R. Orr of the Dixon state hospital had been promoted to private first class with the station hospital, 1608th service unit at Camp Grant.

Pvt. Kenneth Long's new address is student detachment class 42-44, Las Vegas Army Gunnery school, Las Vegas, Nev.

Sgt. Hugh J. Fox of Camp Wheeler, Macon, Ga., is enjoying a short visit with the R. D. Spotts family near West Brooklyn. Sgt. Fox has many acquaintances in Dixon, he having been employed at the Dixon state hospital previous to entering service.

Third Officer Fred Bovey is spending a week here visiting his mother, Mrs. W. F. Bovey of East Second street, and other relatives, having completed a cadet training course at Long Island about two weeks ago. He plans to return to New York City from Dixon.

Staff Sgt. George N. Dorland, son of the Harry D. Milnes of Rockford, has been graduated from the nation's largest aerial gunnery school at Harlingen, Tex., and is now stationed at Daniel Field, Atlanta, Ga., where he is

more efficient assignment of workers."

When the reclassification has been finally completed, it will be submitted to the state civil service commission for adoption. The commission has authority under the state civil service law to make proper classification of state employees.

Adoption of the salary standardization plan, which would involve the revision of the budgets of a number of the state offices, will depend upon action by the general assembly after the salary schedule has been worked out.

Gannett Predicts GOP Will Control House After Poll

However, Jed Johnson, Democratic Leader, Disputes Claim

Washington, Sept. 30—(AP)—A Republican prediction that the party would win control of the house in the November elections was countered today by a Democratic spokesman who expressed belief that Democrats not only would retain their majority but might increase it slightly.

The Republican speaker was Frank E. Gannett, assistant chairman of the Republican national committee, who told a party dinner last night that the country was in an "awful mess" from what he described as bungling of the war effort and new presidential threats to undermine the Constitution, and add:

"If the voters in November will elect a Republican house, as I believe they will, then we can check the new deal follies, get rid of the inefficiency in our government, prosecute the war more vigorously and hasten that happy day when our boys will come back home."

Rep. Jed Johnson of Oklahoma, head of the speakers' bureau of the Democratic congressional campaign committee, meanwhile told reporters at the Capitol:

"We're hopeful of getting back at least as many members as we now have. Perhaps we can pick up a seat or two."

"I don't think there's the remotest possibility of a turnover

awaiting assignment to an air squadron.

Dorland, who formerly resided here with his grandmother, Mrs. Nona Webster, enlisted in the army, Dec. 29, 1941, at Dixon. He was a member of the largest class of aerial gunners ever graduated from the school, located in the Rio Grande valley.

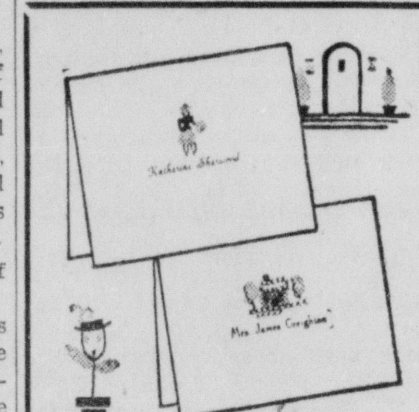

When he received his diploma, he was automatically promoted to staff sergeant, and was given a pair of silver gunner's wings, combat air crew insignia. During five weeks of intensive training on the ground and in the air, he qualified as an expert combat member of the army air forces' famous "Four Flying Horsemen," fighting combination of gunner, bombardier, navigator, and pilot.

Before going to Texas, Dorland was graduated as an aerial radio operator from the army school at Scott Field, Belleville, Ill. He volunteered for aerial gunnery training and was sent to Harlingen.

Mrs. Sam Pelton, Mrs. Rachel Stevens, and Mrs. Goldie Coleman returned to Dixon yesterday morning, accompanied by the former's nephew, William Pontius, who was graduated last Friday from officers' candidate school at Fort Warren, Cheyenne, Wyo., and received a commission as Second Lieutenant. After a ten-day furlough, "Bill" expects to be assigned to a Quartermaster detachment at Lowry Field, Denver, Colo.

Sgt. J. Fred "Fritz" Hofmann, son of Mr. and Mrs. John Hofmann is now stationed at Fort Sill, Okla., where he has been assigned to duty as a member of Battery B, 28th Bat'n., 7th Reg't., F. A. R. T. C.

Pvt. Louis Carlson, son of Mr. and Mrs. Peter Carlson, has been transferred to Santa Barbara, California, where he is now a member of the Hoff General Hospital, Medical Barracks C.

which would give the Republicans a majority in the house."

80 Incumbents Doubtful

Johnson said there were about 40 Democrats and as many Republican incumbents who won in 1940 by a margin of 500 votes or less.

"Those seats are all in the doubtful territory," he said. "We may lose some, but we hope to gain at least as many as we lose."

Gannett, addressing 20 members of the G. O. P. national executive committee and Republican members of the senate and house, declared the public was losing confidence in the management of the war. He said it was the fault of the "higher-ups on the home front," not the men in uniform. He demanded that the "failures be thrown out" and men of ability and experience put in their places.

Too Much Jealousy
Urging his party to demand a "centralized or unified" command for the armed forces, Gannett said the Army and Navy were still jealous of each other and the top men in each branch were not giving adequate recognition to air power.

He said the President's threat to act to control prices and wages if congress failed to do so was a "piece of official impotence" which displayed a willingness to "usurp the law-making functions."

Gannett, publisher of a Rochester, N. Y. newspaper, said freedom of the press also was being threatened and that important

news was being "held back needlessly."

"The next step is to control the press."

"The pending suit against the Associated Press has this objective. If the A. P. can be made a public utility then there will be removed the last barrier in the way of putting all wire service under some government commission."

Objector Takes Cell Rather Than U. S. Army

St. Louis, Sept. 30—(AP)—Arthur F. Payne, 34, indicted for failing to appear for a selective service physical examination, was given the opportunity to fix his own sentence by Federal Judge Charles B. Davis.

He chose three years in a penal institution with no probation in preference to a short sentence with immediate probation if he would appear for an examination. Payne, an architect, was described by his attorney as a "conscientious objector, sincere in his objections". He attempted to enlist in an ambulance corps, the attorney declared, but was rejected for some physical defect.

Gov. Green Issues New Appeal to All Voters to Register

Governor Dwight H. Green today issued a new appeal to all citizens of Illinois asking them to fulfill their civic duty of registering by October 6th so that they can vote in the election November 3rd. The new state-wide permanent registration law, which became effective this year, requires the registration of all voters in the state.

"It is the duty of all citizens who can qualify as voters to register," Governor Green said. "If they do not register they cannot vote in the November 3rd election."

"With the added burdens and responsibilities placed on public officials by the war emergency it is more important than ever that every voter should go to the polls in this year's election to choose competent state and national officers."

"The registration applies to every county and every community in the state. Those not yet registered can do so at the office of the county clerk up to Monday evening, October 5th. On Tuesday, October 6th, the registration records will be taken to the various polling places all over the state and citizens may register in their own precinct on that day. After October 6th the registration

books will be closed until after the November election." Any young person who will reach the age of 21 years previous to November 3, and thus become a voter, should either go to the county clerk's office previous to October 6 or to their voting place on October 6 and have their registration card made so that they can vote November 3. "Register now. Don't wait until the final day."

Young People's Banquet

An autumn banquet table was set for the young people's banquet on Friday evening. The tables were decorated in autumn colors. Nutcups were paper squirrels and acorns. The centerpiece on each table was made up of fall flowers, and sumac. Programs were made in the shape of an oak leaf. The committee which decorated the tables was composed of Mrs. I. Reeves, Mrs. Mary Miller, Rosemary Peterman and Betty Anne McDivitt. The delicious meal was prepared by Mesdames Margery Howard, Lulu Smith, Myrtle Mattem, Dorothy Franke, Lucy Ives, Lida Phyle, May Miller, Delos Reynolds, Eva Karper, Pearl Dysart.

The efficient waitresses were Mesdames Beryl Fish, Iva Black, Julie Baker, Almyra Burhenn, Evelyn Shoemaker, Ethyl Beeghly. Mrs. Mary Miller was in charge of the dining room. The community orchestra played during the banquet meal. "Jingle Bells" was played in keeping with the snow which was falling Friday evening.

The program was carried out as had been planned, with group singing, accordion duet, marimba solo and a girls' quartette. The Rev. Hughes Morris of the Steward Methodist church was the speaker of the evening. His talk was very inspiring to the young people. There were 62 present at the banquet. The church youth council, with the assistance of the community women, feel it was a great success. At the close of the banquet the young people were assured that this was not the last of the social gatherings, there would be more in the future.

Answers Given for Common Queries in Scrap Metal Drive

Piles in Junkyards Are Being Sorted for Shipping

(By The Associated Press)

Every good American today needs to understand why every bit of metal scrap is needed to win the war, every bit from those few old keys in his pocket to unused car rails being dug out of the street.

Leaders in the united newspapers metal scrap drive now in progress in most states are being asked many questions. Here are some of the typical ones, along with answers:

1—Why does the war effort require my few pounds, when I see tons of scrap piled up in junkyards?

A. That metal you see piled up in junkyards is being sorted and cut up preparatory to shipping. It is difficult to stuff to handle, and it has to be processed.

Q—Why all the rush, with so much of it lying around?

A—Winter is coming, when the scrap is much more difficult to collect and move. The mills are chewing it up at a rate never before dreamed of.

Q—Who gets the money for my scrap?

A—That depends upon the local arrangements in your community. The junkmen pay for scrap, and sell it to the steel mills, at prices fixed by the government. Take

Dixon Floral Company. Mrs. Lucy Ives will have an arrangement of fall flowers. The committee will be Mrs. Pearl Dysart, chairman; Mrs. Pansy Biesecker, Mrs. Verda Blocher, Mrs. Grace Brecunier, Mrs. Clara Wolford, Mrs. Lucy Ives and Miss Cora Schafer.

your scrap to your nearest junkyard and sell it. Public groups in various communities who are collecting the scrap also sell it, and use the funds for various charitable and public purposes.

Q—Why doesn't the government itself come and get and handle this scrap?

A—That would mean the government would have to duplicate all the manpower, equipment, and know-how of the men who are the regular handlers. It takes skill and big expensive equipment to sort and cut up scrap metal.

Q—How much does the junkman get for the scrap he sells to the mills?

A—Junkmen get from about \$13.50 to \$20 a ton for the scrap they sell, the price they receive depending upon where the junkman and the mill are located.

Q—I see big heaps of rusting metal in fields, which no one seems to be doing anything about. Why?

A—If you are 100 per cent patriotic, you will tell your local scrap headquarters about every such accumulation of scrap you know about, and if you are really out to win this war, you will find out who owns it, see if they won't contribute it, then see if you yourself can't find someone with a truck, and get out there and get it.

Theaters to Help

Tomorrow movie theatres throughout the United States will join with the newspapers in the country's nation-wide scrap drive, it was announced yesterday by the War Activities Committee of the motion picture industry. Not only will the theatres cooperate in publicizing the scrap campaign by showing special films, but will actively engage in the collection of steel scrap, rubber and other vital materials, according to Arthur Mayer, national director for the motion picture industry's part in the drive for the month of October.

Theatres in many parts of the country already have been col-

lecting scrap by various means but, following an appeal by Donald M. Nelson, chairman of the War Production Board, the motion picture industry last week set up a national organization that would include every theatre, large and small, in this desperate drive for every pound of scrap that can be found.

A three-point program has been outlined for the theatres' co-operation in the collection of scrap metals and rubbers as follows: 1. Scrap metal or rubber matinees with admission to be in the form of five pounds of scrap; 2. Holding a scrap matinee publicized by the theatre but in this case the collection of rubber and metal does not take place in the theatre but at a near-by salvage depot or parking lot; 3. In large centers four or five first-run theatres will band together and designate a suitable receiving station, and give admission tickets to all who bring in the required amount of materials.

Pictures Given Free

The motion picture producers and distributors in New York and Hollywood have notified the theatres that pictures for these special scrap matinees and morning shows will be given to the theatres free and, in consideration of this, it has been agreed that all proceeds other than scrap, received by the exhibitors from these matinees will be turned over to some charity, local or national.

In addition to trailers and special announcements on the screen calling attention to the vital necessity of collecting every last pound of scrap, three short films, "Salvage," a subject featuring an appeal by Donald M. Nelson, "A Letter From Bataan" and "We Refuse to Die," will be released during the October drive.

Joseph Bernard, chairman of the theatres division of the War Activities Committee, called this work of scrap collection "one of the motion picture industry's big-

All America Knows Budweiser... but Few Know This

THEY'VE PASSED THEIR 'PHYSICAL'-TOO

America's feathered and four-legged armies are very much on their toes these days. Yeast vitamins used in fortifying animal feeds have done wonders in recent years to better the quality and propagation of livestock and poultry. Did you know that the Home of Budweiser is America's biggest single source of these vitamins?

Year after year, we have striven with research and resources to better the methods and facilities for brewing Budweiser. To do this, a laboratory specializing in fermentation and nutrition was necessary. Discoveries made in the laboratory and in the plant have led to the development of products contributing to human necessity and progress. Some of these products would appear to have only a remote relationship to brewing, yet, they are the result of scientific research into many allied fields.

Endless research in making the world's leading beer has led to other products

VITAMINS, B COMPLEX—for manufacturers of pharmaceutical and food products. Our plant is one of the world's largest sources.

VITAMIN D—Anheuser-Busch produces enough of the basic material for Vitamin D to supply the entire American market.

BAKER'S YEAST—We are one of America's biggest suppliers of standard and enriched yeasts and malt syrup used to make bread.

CORN SYRUP—many millions of pounds annually for America's candy industry.

SYRUPS—for food, table and confectionery uses and special syrups for medicinal purposes.

STARCH—for food, textile, paper and other industries—millions of pounds annually.

REFRIGERATING EQUIPMENT—for retailers of frozen foods and ice cream the country over. This division is now working all-out on glider wing and fuselage assemblies for our Armed Forces.

DIESEL ENGINES—Adolphus Busch, founder of Anheuser-Busch, acquired the first rights to manufacture this revolutionary engine in America and thus started our great Diesel industry on its way.

PLUM HOLLOW WOMEN GOLFERS RECEIVE TROPHIES AT DINNER PARTY; NAME NEW PRESIDENT

Although women golfers of the Plum Hollow Golf and Country club formally closed their 1942 season last evening, when prizes for the year were awarded, they have decided that if October should provide good golfing weather, they will return to the clubhouse each Tuesday for their weekly links matches. Top ranking players of the season received their trophies and other rewards at a dinner party last evening at Beck's Landmark tea room at Grand Detour. Twenty-five linkswomen turned out for the event, which replaced the group's annual Stagette Day, omitted this year because the weather man chose to designate snow and rain, instead of sunshine.

Appointments for the tables were in keeping with the golfing motif. Tiny American flags waved from pottery greens at the covers, and vases of asters were a bright color note.

Mrs. Ralph Barlow, retiring president, conducted a brief business meeting, following the dinner. Mrs. Elwin Wadsworth was chosen as her successor for 1943.

Mrs. Wadsworth, winner of the August championship title, was presented with a gold trophy of a woman golfer, driver upraised. As runner-up in A-flight of the July handicap contest, she also received a leather kit containing a golf glove, tees, balls, and lacquer.

Mrs. Wallace Hicks, Jr., who won B-flight of the August tournament, was rewarded with a silver golf ball mounted on a silver pedestal. As winner of A-flight in the July handicap event, she, too, received a kit of golf equipment. In addition, both Mrs. Wadsworth and Mrs. Hicks have been awarded Plum Hollow memberships for next season from Frank Randall, manager.

Miss Kathryn Herman was runner-up in A-flight of the August contest. Her prize was a silver golf club on a silver base. Mrs. Lawrence Poole, runner-up in B-flight, received a similar award in gold.

War stamps were Mrs. E. B. Ryan's award for lowering her handicap by 26 points during August. Mrs. Joseph Villiger, Jr., won the consolation flight of the July contest, and was given an equipment kit. Golf balls were Mrs. James Reiter's prize as runner-up in the consolation flight. Three additional guest favors were shared by Mrs. Ralph Barlow, Mrs. Frank Randall, and Miss Ethel Cline.

The linkswomen planned to continue their card party series of last winter, to raise funds for next year's program, and a dancing party, climaxing event of the season, was announced for Saturday evening, Oct. 10. Mrs. Barlow is to head the dance committee.

Circling the tables last evening were Mrs. Ralph Barlow, Mrs. Carl Becker, Mrs. Ernest Swan, Mrs. Elwin Wadsworth, Mrs. George Scott, Mrs. E. B. Ryan, Mrs. P. J. Malay, Mrs. James Reiter, Mrs. Charles Cramer, Mrs. Lawrence Poole, Mrs. W. A. Rhodehamel, Mrs. Ralph Clark, Mrs. Charles

AUTUMN FRUITS TRIM TABLE FOR CLASS SUPPER

Autumn fruits and vegetables trimmed the table at last evening's scramble supper for the Amoma class of the First Baptist Sunday school. Pumpkins, gourds, apples, and bittersweet were combined in the harvest motif for the table, arranged in the church dining room. Covers were placed for 25.

During a brief business meeting, the class members agreed to purchase a service flag for their class room, honoring the husbands, sons and brothers with the armed forces.

Mrs. Cecile Wharton and Mrs. William Maloney were hostesses. Mrs. Bon Sitter will entertain at the next meeting, Oct. 27.

Joynt Family Holds Reunion

The annual reunion of the Joynt families brought 35 relatives to the W. R. C. hall in Polo on Sunday. A chicken and noodle dinner was followed by a business meeting, conducted by the president, Mrs. Mabel Beers.

Mrs. Cora Joynt Johnson presented a reading, "The History of Our Family Tree." William Joynt of Dixon, 83, was the oldest member attending, having celebrated a birthday anniversary on Sept. 21.

Those attending were William Joynt, Mrs. Mable Beers and son, and Mr. and Mrs. Thomas Lepper, Dixon; Thomas Lepper, Jr., who is with the Army Air corps in Texas; Mr. and Mrs. Fred Joynt, Eldena; Mr. and Mrs. Harry Joynt and family, and Mr. and Mrs. Ralph Joynt, Forreston; Mr. and Mrs. C. E. Eater, Mr. and Mrs. Harold Albright and son, Polo; Mr. and Mrs. John Johnson; Mr. and Mrs. John Joynt and son, Wallace Eater, Lucille Lundquist, Adon Lundquist, Chicago; Mr. and Mrs. Joseph Wolsey and daughter Patsy, Lanark; the Misses Dorothy Spiker and Roberta Shellhouse, Mount Morris; Miss Eleanor Calliflow, Polo; and Mr. and Mrs. John Ortigies, Rockford.

Both Mr. Anderson and his bride formerly attended the Oregon schools. The bridegroom has entered the United States Army air corps, and Mrs. Anderson will continue her work in the office of the Production Credit association in Freeport.

NACHUSA P.T. A.
Members of the Nachusa Parent-Teacher association will meet at the school at 3 p. m. Friday. The program is to consist of a round table discussion, "Home and Community Foundations for Citizenship."

WEEK END GUESTS
Miss Edna Helander and Sgt. William Marrs of Chicago spent the week end in Dixon. They were among the out of town guests attending the wedding of Miss Alice Helander and John William Ortigies.

Shrine Presents "Family Album"

A living "Family Album," planned and staged by Mrs. Louise Ogren, social chairman, entertained members of Corinthian shrine, W. S. of J., and their guests at the shrine's benefit card party Friday evening at Brinton Memorial Masonic temple.

Several members of the shrine, wearing quaint attire of days they scarcely remember or never knew, appeared as the story of her "Album" was told by Mrs. Ogren. During the finale, the American flag was presented by Mrs. Ruth Ramsey, color bearer, and the entire company joined in the song "God Bless America."

Favors at the bridge tables were shared by Mrs. Clinton Utter, Mrs. Lloyd Lewis, Merton Ransom and A. T. Ogren. Those fortunate in pinhole were Mrs. Mary Busby and William Frick of Dixon, Mrs. Rose Hall and Roy Mathis of Rock Falls. Mrs. Daisy Reiter of Sterling received a cake, and guest gifts were presented to Mrs. John Landherr, Miss Phyllis Ogren, and Larry Santelman.

Refreshments were served by the committee.

D. A. R. WILL MEET, SATURDAY

Mrs. Thomas E. Maury, of Aurora state chairman of national defense, will address members of Dixon chapter, Daughters of the American Revolution, at a Guest Day meeting to be held at 2:30 o'clock Saturday afternoon at the home of Mrs. W. G. Murray. "National Defense Through Patriotic Education" is to be her subject.

FIRST YEAR
Richard Bovey, son of the Ivan Boveys of Grand Detour, celebrated his first birthday anniversary on Friday. Seventeen relatives and friends were included on the guest list for his party. A single candle topped the pink and white birthday cake, served with ice cream and orangeade. Gift packages were brought by the guests.

LEE COUNTY RED CROSS IS ASKING FOR REGISTRATIONS FOR VOLUNTEER WAR WORK

With announcement of registration schedules, Lee County chapter of the American Red Cross is ready to open a new avenue of wartime service to adults who are eager to devote time and energy to the nation's war effort. On Friday afternoon and evening, from 1:30 to 4:30 p. m. and from 5:30 to 8:30 o'clock, registrations for the chapter's surgical dressing program will be received in the basement of the City National bank, where the chapter has established headquarters for producing its large quota of dressings.

The registration plan will enable the chapter to assign volunteers to the hours they are to work, and also provides an opportunity for explaining requirements and to ascertain which days and evenings will prove most profitable for opening the rooms. Every effort is being made to utilize the work rooms at capacity, and registration will prevent confusion and disappointment that might result from too many volunteers appearing at one time, thus over crowding the working space.

The chapter project is open to all adults in Lee county who are willing to conform to requirements set up by the Red Cross, Church and club groups desiring to work as a unit should also be registered by their president or chairman.

The United States Army has set up rigid specifications as to the character of work rooms, and Mrs. F. J. Trautwein, surgical dressings chairman, feels that Lee county is extremely fortunate to be offered rooms in the City National bank building which have been equipped with an excellent fluorescent lighting system, installed recently through the courtesy of the lighting department of the Illinois Northern Utilities company and cooperating Dixon business men.

Work will be started as soon as a schedule can be developed after Friday's registration.

The appeal for Lee county's first quota is for surgical sponges and combination pads, to be used by the Army and Navy at home and abroad, as well as by the Allies.

DIXON MINISTERS HONOR BURKES

Clergymen of the Dixon Ministerial association and their wives were having dinner together last evening at the Hotel Nachusa, complimenting the Rev. Father and Mrs. B. Norman Burke of Rockford, until recently of this city. In behalf of the association, the Rev. C. L. Wagner, president, presented a gift to the Burkes.

In the party were the Revs. and Mesdames C. L. Wagner, W. J. Martz, H. J. Doran, R. W. Ford, Dr. and Mrs. F. L. Blewfield, Dr. and Mrs. L. W. Walter, the Burkes, and Mrs. Doran's mother, Mrs. T. J. Thomas of Chicago.

CHICAGO GUESTS
Ensign and Mrs. Francis E. Henry and son of Chicago are spending the week here with his parents, Mr. and Mrs. Edward Henry of 421 Fourth avenue.

—Every farmer will want a plat book of Lee county. We have them, for only 50 cents.—B. F.

GIRL SCOUTS BLAZE TRAILS

Hiking trails through Assembly park were marked with stones by members of the newly-organized North Central Girl Scout troop at their weekly meeting yesterday. About 25 girls comprise the troop, known as Troop No. 4 whose patrols were organized last Friday.

A wiener roast was announced for next Tuesday at Lowell park. Mrs. Norman W. Dietrich and Mrs. James Metzler are the leaders.

You should be pleased with the idea of having your old scrap iron hauled away at no expense to you. Telephone No. 5—The Evening Telegraph—if you have completed your donation.

PERSONALS

Fred E. Fellows of Lyman, Wash., formerly of this city, stopped in Dixon yesterday afternoon for a brief visit with relatives and friends, en route to his home from Lakehurst, N. J., where he spent some time with his son, Ensign Fred Fellows, Jr.

Mrs. Fred Gross of Franklin Grove was visiting in Dixon today. Frank Forman has returned home from a business trip to Chicago.

Jack Marshall has returned to North Central college at Naperville to resume his studies for the sophomore year.

Mrs. McCollum of Ashton was in Dixon, Tuesday.

Henry T. Noble is confined to his home by an attack of influenza.

Don Miller, formerly of the Wisconsin Badgers and the Green Bay Packers, is spending a few days in Dixon awaiting his induction in the Marines, Oct. 5. In order that he might not go stale, Don came out to the Dixon-Rock Falls freshman-sophomore game yesterday and served as one of the officials.

EX-DUKES RIDE HIGH
Although the basketball season won't open officially for a couple of months yet, four ex-Dixon Duke court stars are showing the boys at Cornell college how the game is played the Dixon way.

Paul Reynolds, Cy Shank, Jo Van Meter (1941-42), Bob McNamera (1940-41), and Dick Anderson of Oak Park, Ia. school, have formed a basketball team which offers to take on all comers.

In two games played—both opposing aggregations had as members three players on last year's college varsity team—the boys have won one and lost one.

They took the first tilt, 61 to 23, with Shank and Reynolds racking up 20 and 19 points, respectively. McNamera had 14 points.

They lost the second contest, 46 to 41, but Shank was again leading scorer with 20.

The boys have already scheduled quite a few games for the approaching winter and chances are they'll do all right for themselves.

N. C. I. C. PLAY STARTS

The DeKalb-Ottawa and Rock Falls-Dixon contests will be the games of the day when eight of the nine members of the newly enlarged North Central Illinois Conference swing into action Friday night.

DeKalb, undefeated last year and defending champion in the conference, will play host to Ottawa.

In its two non-conference battles this season, DeKalb whipped Rochelle, 20-6, and bowed to Kewanee, last Friday night, 7-6. Despite the fact they lost this tilt, the DeKalb gridders had the edge in each of the statistic departments, and indications are they will be as rough as ever on their conference foes.

Eight lettermen from last year's all-victorious Barbs reported to Mentor Reihsen for places on this season's squad. A combination like that can make almost any team strong.

The Rock Falls Rockets have moved up to the Southern division of the N. C. I. C. after having captured the Rock River Valley league title last year.

When they travel to Mendota Friday, the Rockets will take with them a record of no points scored against them in three games played this season. Sterling Township and Dixon went under by scores of 24-0, 20-0 and 25-0, respectively. Mendota, in its only start this year, turned back Amboy last Friday, 19 to 7.

Hall Township of Spring Valley, the Dukes' Oct. 9 opponent, will be opening its season when it plays Sterling Township Friday, in a Northern division battle.

The other conference engagement will see Princeton at Geneseo. The Dixon Dukes have an open date.

BASEBALL

Hinckley's baseball team went to Paw Paw last night and took advantage of four errors by the host nine to score 15 runs in the first two innings of the game.

When the sixth out was finally made, Urish, on the mound for Paw Paw, and his teammates settled down to allow their opponents only one more marker. But the damage already had been done and Hinckley emerged victorious, 16-6.

Kaus, pitching for Hinckley, had the situation well in hand for most of the seven inning route, allowing only 9 hits and issuing one free pass. The eventual winners collected 12 hits and 4 walks off the offerings of Urish.

Dalewski of Paw Paw made the only home run of the game, knocking a round-tripper in the last inning with none aboard.

Nine passes attempted; three completed.

Not a very good percentage as ball tossing goes. But of the three passes completed, two were of the touchdown variety. That, in short, is the story of the Dixon-Rock Falls freshman-sophomore game which the latter team won yesterday, 13-7.

Mr. Bogott, Rockets left halfback, figured in both of the out-of-towners scoring plays.
Towards the close of the first period, the Rockets found themselves in possession of the ball on Dixon's 23 having recovered a fumble by Schumacher at that point.

It was Bogott into the breach with a long toss to right end Bonnel who stepped over the goal line for what eventually proved to be the game winning six points.

Another recovery of a Duke fumble set the stage for the second Rock Falls touchdown pass in the second quarter.

Immediately preceding this misplay, Bivins had heaved a short one to Meinke who galloped from his own 5 to the Rocket's 23. Then a hard-charging Rock Falls lineman covered the Dixon bobbler on the 26.

This time Bogott was on the receiving end of the pass by Unger which gave the green clad boys their second marker. Unger kicked the extra point.

The lone Dixon touchdown climaxed a 52 yard drive towards the end of the third quarter.

An exchange of punts had given the Dukes possession of the ball on their own 48. Alexander skirted end for three yards and Meinke traveled to the 27 and a first down. Then a Dixon offside moved the ball back to the 32.

Alexander and Meinke combined to advance the pigskin to the 17 from which point Alexander scored on an end sweep. Schumacher smashed off tackle for the extra point which ended the day's scoring activities.

Action in the rest of the game mainly consisted of punting duels around midfield. However, twice the Dukes were called on to stop their opponents' drives at the 20 and 23 yard lines, and once the purple boys' offensive carried them to the Rocket's 27.

This latter bit of play was run off in the second quarter shortly after Rock Falls had scored their last touchdown. An exchange of punts had forced the Rockets to their own 18. Unger booted out of the hole to Alexander on the 43 who drove back to the 27. After four plays had tried and failed the Rock Falls outfit was given possession on the 30.

A recovery of a fumble made by Meinke on his 49 gave Rock Falls another chance as the last period opened. Bogott connected with Unger on the third completed Rocket pass, the ball being advanced to the 119. The Dukes held and took over on downs.

Shortly before the game ended Bogott intercepted a pass from Meinke intended for Bivins on the local boys' 23. Again the Dukes forward wall was equal to the occasion, the ball changing hands after four running and passing plays failed.

This victory by the Rocket lightweight team, gave the Rock Falls gridders a clean sweep in their games with Dixon. Monday night the varsity outfit from the twin cities lambasted the Dukes 25-0.

In the statistics department yesterday, Dixon held what slight ad-

SCORING LEAD TO MANDERS, FAMIGLIETTI

Chicago, Sept. 30—(AP)—Gary Famiglietti of the Chicago Bears and Pug Manders of the Brooklyn Dodgers have staked out early claims on the National professional football league's 1942 individual scoring honors.

Each has scored three touchdowns in a single game, Famiglietti getting his chance against Green Bay when a twisted knee forced Bill Osmanski, the Bears regular fullback, to the sidelines.

Leadership in the ground gaining department, however, was held by Gaylon Smith, Cleveland Rams veteran, who has a total of 149 yards to show for 34 attempts. Bill Dudley, collegiate sensation from Virginia, was right behind with 145. Dudley had the better average, for his total was made in 21 tries.

Cecil Isbell of Green Bay took up where he left off last season, resuming the lead among passers and pitching two touchdown passes. This brought to 13 the number of consecutive league games in which Isbell has thrown at least one touchdown pass.

Ohio State Bumps Into Indiana Sat.

Two Speedy Backfields Will Collide in Big Ten Opener

Chicago, Sept. 30—(AP)—Two speedy backfields will collide Saturday in the opening game of the Western Conference football title race—the Indiana-Ohio State meeting at Columbus—but ultimate victory may be decided in the line.

Both Bo McMillin of Indiana and Paul Brown of Ohio State watched their numerous and talented backs, many of them sophomores, measure up to initial expectations last week as the Buckeyes routed Fort Knox, 59-0, and the Hoosiers trounced Butler, 53-0.

What they weren't so sure of after these opening tests were the forward lines. Ohio State held Fort Knox to 14 yards by rushing and Indiana limited Butler to 55, which was impressive enough but came against weak opposition.

Billy Hillenbrand, Indiana's sophomore sensation last year, stands out as the No. 1 man in either backfield. However, McMillin also has a strong mixture of other veterans and sophomores and first year men accounted for seven touchdowns in the Hoosier opener.

Ohio State likewise appears to have a plentiful supply of backs with a 190 pound sophomore, Gene Fekete, outshining the rest in play thus far. Working with the all letter man combination of Les Horvath, Paul Sarrainghaus and Capt. George Lynn, he scored two touchdowns and added three points after touchdown last week. His understudy, Dick Palmer, also scored twice and sophomores accounted for two other markers.

Practice Highlights
A victory for Indiana would be its first over the Buckeyes since 1937 when the Hoosiers won, 10-0.

The two rivals in practice yesterday stressed defense against attack from the air.

Practice highlights from other midwest camps:

Purdue sought to polish its running attack for Vanderbilt... At Wisconsin Coach Harry Stuhldreher said Marquette's veteran line probably would be too tough to go through, so the Badgers would plan to go over... Michigan, which drilled on pass defense, may hold halfback Tom Kuzma out of the Michigan State game... The Iowa varsity took it easy but the reserves got plenty of scrimmage in preparations for Great Lakes... The Iowa Seahawks will lose two squad members with the transfer Thursday of quarterback Fred Folino and tackle Al Greenwood.

Bob Sandberg took over at quarterback for Minnesota's injured Bill Garnaas... Illinois watched movies of its 46-0 win over South Dakota and then took to the field for a long blocking drill.

Northwestern worked against Texas formations, planning a defense for the speedy Longhorns... At Great Lakes, Bob Sweigert and Pete Kmetovic were moved to the first string backfield.

vantage there was. They had 4 first downs to Rock Falls' one, and had a net yardage gain of 134 compared to the Rockets' 115. However, this advantage was largely nullified by the fact that the Dukes lost 55 yards through penalties while the Rockets were only set back 25.

Cardinal Manager Billy Southworth (center), looks hopefully at Mort Cooper (right), pitcher, and pins his hopes of winning the opener of the world series in St. Louis on Mort and his brother, Walker (left), catcher, first brother battery in series history. (NEA Telephoto.)

MCCARTHY IRKED BY MEMORY AS HE LEADS YANKS TO BATTLE

St. Louis, Sept. 30—(AP)—Joseph Vincent McCarthy, kindly 56-year-old manager of the New York Yankees, leads his players into the World Series against the rip-smorting St. Louis Cardinals with supreme confidence—and a memory.

Last team to conquer the Yankees in a World Series was the Cardinals of 1926, who had an outfielder named Billy Southworth, now the 49-year-old manager of the current Cardinals.

Since then, the Yanks have won eight world championships, defeating every team in the National league with the exception of Boston and the Phils. They have registered 34 triumphs, taking four series in four straight.

If McCarthy is letting the memory bother him, he's keeping it strictly to himself.

Yet McCarthy expresses admiration for the Cardinals, declaring they must be good to have won 106 games and lasted through such an amazing stretch drive.

"We'll be in there fighting from the first pitch," McCarthy said. "That's all I care to say. I hope the best team wins and I hope it will be us."

Card Fans Furious
St. Louis fans loyal to the Cardinals are furious over their inability to get World Series tickets except through scalpers. They are bombarding newspapers with letters and telephone calls. Explaining the Cardinals' policy, Sam Breadon, president of the club, said approximately 17,000 seats were available to the general public.

Breadon said more than enough applications were received the first day the sale opened to swamp workers. Names meant nothing, therefore, in the final selections. Clerks just grabbed handfuls of letters and filled the applications until all grandstand seats were gone.

Twenty-eight thousand pavilion seats at \$3.45 each and 3,900 bleacher seats at \$1.15 each went on sale at 7 a. m. today. Hundreds stood in line all night to buy them.

Scalpers are doing a land-office business with \$5.75 grandstand seats bringing from \$10 to \$20 each. The demand exceeds the supply. It's the greatest thing for scalpers in 15 years.

TODAY'S GUEST STAR
Dan Parker, New York Daily Mirror: "In peace time this would be known as the rubber series between the Cards and the Yankees. But what with war time conservation, priorities, etc., this year's post-season playoffs will simply have to be satisfied with the designation of the butadiene series."

WIDE AWAKE
Earl Minnewater, who works in the shipyards and plays football for the San Francisco Bay Packers, had a hard decision to make the other day... He got off shift at 8 a. m. the day the Packers were scheduled to play the Coast Guard... Earl was afraid that if he went to bed he'd oversleep and miss the game, so he stayed up long enough to spring 79 yards for a touchdown that gave his team a 7-6 decision.

FIRST 300 GAMES
Indianapolis, Sept. 30—First 300 games of the season were bowled by Cy Caldwell, a defense worker, and Bill Crosby in Indianapolis leagues. Indianapolis had only seven 300s last season.

WORLD SERIES SALE
New York, Sept. 30—Last of 36,000 reserved and box seats for World Series at Yankee Stadium was sold Sept. 21. That left 28,000 unreserved and bleacher duets.

SIX SYRACUSE PASSERS
Syracuse, Sept. 30—In addition to holdover passers, Tommy Maines, Bunky Morris and Dick Whitesell, Syracuse may use Norm Michael, Larry Ellis or Nick Giambattista.

Police Dept. No. 2—Personnel Dept.

The Comptrollers No. 1 team took three straight sets from the Inspection Dept. Greyhounds at the Dixon Recreation last night and are consequently resting safely in first place in the G.R.O.P. league standings today.

In winning its three games the comptrollers set new loop game and series records of 1052 and 2980. However, the individual marks established by Pabst last week came out of yesterday's shooting unscathed.

The Inspection Dept. Wolves, who were tied with the comptrollers and the Engineering Dept. for first, could win only one of its games with the Police Dept. No. 1, which dropped them into a fourth place knot with Ordnance Dept. No. 1.

The Engineers, even though they took two out of three from Safety Dept. No. 1, now share second place with the Police Dept. No. 2 team which swept its series with the Personnel Dept. outfit.

LYONS VS. LEE IN CITY SERIES OPENER TODAY

Chicago, Sept. 30—(AP)—Ted Lyons, 41 year old pitching veteran of the Chicago White Sox who in the last five years has whipped the Cubs five successive times in city series starts, bids for his sixth in a row today as the cross town rivals open their annual fall series.

Lyons, who won 14 games and lost 7 this season, will be opposed by Big Bill Lee winner of 13 and loser of the same number.

The first two games of the series will be played at Wrigley Field, home of the National league Cubs who have not won a city series since 1930. The next two will be played at Comiskey park. Succeeding games in the best four of seven arrangement will alternate at the two parks. All Wrigley field games will begin at 2:30 p. m. (C.W.T.), all those at Comiskey park at 8:15 p. m. (C.W.T.).

\$50,000 for one 90-millimeter anti-aircraft gun sounds like a lot of money, doesn't it? But this type gun is a real "plane-crasher" — one shell from it can smash a half-million dollar Jap bomber quicker than you can sweat a fly.

**THERE IS NO TIME FOR COMPLACENCY
UNCLE SAM IS IN A FIGHT FOR**

THIS ANTI-AIRCRAFT GUN COSTS \$50,000

YOUR HOUSE may not be a *military* target, but bombs don't stop to inquire. Bombs don't ask your name or the names of your children, either. In this war, as in no other in history, we are *all* targets. Black-outs merge soldiers and civilians alike. "War is hell" . . . *for all of us*. And it is costly . . . *for all of us*.

Take the anti-aircraft guns that must be counted on to protect *your* home, *your* family. Did you know that just *one* costs \$50,000? Just *one*—and we need 20,000 at once . . . for the fighting front as well as the home front.

Who's going to pay the bill? Not only for the guns, but for the tanks and ships and planes our boys must have to smash the Axis?

Who? Why all of us, . . . you and I and the man next door. Because we are all in this war, and because blood and tears and sweat don't mean a thing if they do not come from *everybody*. Everybody *must* put every dime and dollar he can spare into Bonds and Stamps, even if it means going without something else . . . remembering that we are apt to go without *everything*, unless we win. Here is one sure way to turn your patriotism into action and to help win this war—go to your local bank, post office, or other official agency *for Bonds now!*

Remember you can start buying Bonds by buying Stamps for as little as 10c and that you get a \$25.00 Bond (maturity value) for only \$18.75.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933

Of Dixon Evening Telegraph, published daily at Dixon, Illinois, for October 1st, 1942.

State of Illinois.
County of Lee—ss.
Before me a Notary Public in and for the State and county aforesaid, personally appeared Robert E. Shaw, who, having been duly sworn according to law, deposes and says that he is the General Manager of the Dixon Evening Telegraph, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:
Publisher, Mabel S. Shaw, president, Dixon, Ill.
Editor, George B. Shaw, Vice-President, Dixon, Ill.
Managing Editor, Robert E. Shaw, Treasurer, Dixon, Ill.
Business Manager, Ben T. Shaw, Secretary, Dixon, Ill.

2. That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one per cent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company, or other unincorporated concern, its name and address as well as those of each individual member, must be given.)
B. F. Shaw Printing Company, Dixon, Illinois.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities: (If there are none, so state). No.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 7,040.

ROBERT E. SHAW, Gen. Mgr.

District Soybean Conference
A district Triple-A conference is being held under the supervision of State Farmer Fieldman Howard G. Abbott, Friday at 10 a. m. at the Coliseum in Oregon. All county committeemen from this district, together with all elevators, bankers and soybean growers are urged to attend, for the purpose of this meeting is to discuss in detail all phases of the

1943 soybean program. Commodity Credit Corporation has offered to purchase soybeans this year as well as make loans, providing the soybeans meet the special qualifications as set forth by this lending agency. Therefore, anyone interested in the soybean program for the coming year is cordially invited to attend this meeting.

tee elections Sept. 18, delegates to the AAA county convention met Sept. 19 at Oregon and elected the following to serve as Triple A county committeemen for 1943: Forrest W. Gillespie, chairman; George E. Stocking, vice chairman; Hugh Blake, third member, and Ben H. Carpenter and John W. Stuff, alternates. At their first meeting, Sept. 25, the newly elected county committee reappointed Louise S. Hay to again serve as Ogle county farmer fieldwoman and Evelyn G. Beck as secretary-treasurer of the association.

When all farm machinery now in the hands of implement dealers was frozen temporarily as a result of an order from the Dept. of Agriculture Sept. 17, each county USDA War Board was authorized under the direction of the U. S. Dept. of Agriculture to form a committee composed of three farmers, headed by the county USDA War Board and AAA chairman, to serve on the county farm machinery rationing committee. Those recently appointed to serve in this committee for Ogle county are: Forrest W. Gillespie, chairman; John Thomas and C. C. Davis, regular members, and Alva Hout and Francis M. Johnson as alternates. Their first meeting was held Monday.

Tomorrow, at 11:30 a. m., the Ogle county USDA War Board will take part in the weekly USDA War Board report feature on station WROK, Rockford. Their subject, "We Grow Our Own Rope in Ogle County", will be of interest to everyone.

Businessmer — Let's talk about death! Let's not dodge the issue — let's face facts. A lot of good American fighting men may soon have to die for want of scrap!

IF YOU FAIL SOME BOY WILL DIE!

We're talking facts, remember! Such as the fact that steel for every tank, ship and gun must be made of 50% scrap. And the terrible fact that America's mills are starving for this scrap—without enough on hand for even 30 days more production! Which puts it up to you! The big scrap metal drive is underway. And you, as a businessman, have a double job to do. Clean out your home—and scour your place of

business, factory, office or store . . . for every single bit of scrap. And when you see the stockpile grow—for the mills to take when it's needed—be glad that you've done your part . . . that your work may have saved some boy from a needless death!

A black and white cartoon illustration of a camel. The camel is shown from the side, facing right, with its head lowered as if sniffing or looking at something on the ground. A large speech bubble above the camel's head contains the text "A CAMEL!". The drawing is done in a simple, sketchy style with cross-hatching for shading. In the bottom right corner, there is a signature that reads "FRED HARMON". At the very bottom of the page, below the illustration, is the text "U.S. PAT. OFF. REG. U.S. T. M. INC.".

SIDE GLANCES

By GALBRAITH

A black and white cartoon illustration by S. Gelman. The scene is set in a classroom with large, arched windows in the background. A teacher, a woman in a dress, stands on the right side of the frame, holding a book and looking towards the students. Several children are seated at desks. In the foreground, a girl is sitting on a stool, writing in a notebook. Other children are visible in the background, some looking towards the teacher. The artist's signature 'S. Gelman' is visible in the bottom left corner.

"The way things have turned out, I'd like to know whether there's any refund on all those pennies I saved for the missionaries in Japan—I could use 'em for war stamps!"

Grange Booster Night

A large crowd gathered at the Taber hall Wednesday evening to the George State Master Eugene Eckert and his wife and Mrs. Eckert's sister were present for the meeting and Mr. Eckert was the main speaker for the evening. His address was greatly enjoyed by all present and those that were absent missed one of the most informative and well delivered speakers in the Grange history.

Mr. Eckert spent two weeks in Washington, D. C. and told those present about happenings and incidents in our capital city which proved to be of great interest. He also told how the farmers organizations were having to fight for their rights and he wished the good co-operation for the farmers. Mr. Eckert's address was well received and it is hoped that he may make a return engagement soon.

The program opened by the group singing several songs and they pledged their allegiance to our flag. After this patriotic tribute the trio, Mrs. Lyle Foster, Mrs. John Hawbaker, and Mrs. Earl Kaiser sang a musical selection. Mr. and Mrs. John Wedlake and Mr. and Mrs. Theodore Peterson were special guests from Malta.

After the program doughnuts and coffee were served with Mr. and Mrs. Frank Nangle singing several songs for the entertainment of the group. A social time

followed for everyone. This year's booster night was a huge success and all members of the Grange should be proud.

Sunshine Circle

Mrs. Ruben Poltsch entertained the members of the Sunshine Circle at her home Thursday afternoon for their regular meeting. This was the first gathering of the group for their new fall and winter meetings. The regular business meeting was held with the new officers present for the delightful occasion. The officers elected for 1942-1943 were: Mrs. Ruben Poltsch, president; Veda Radley, vice-president; Mrs. Blanche Roberts, secretary; and Mrs. R. H. Carter, treasurer. We hope that these new officers will have a successful year during their term of serving their club.

The program opened with readings given by Mrs. Roy Englehart and Mrs. Bent Tyreman, followed by several piano selections played by Mrs. Blaine Pierce. During the piano interlude patriotic readings by Mrs. Bent Tyreman, Mrs. Blaine Pierce and Veda Radley were presented.

The club this year, has a new plan which should prove to be most successful. The members have been divided into two groups with Mrs. Carl Kindelberger and Mrs. Blaine Pierce being the two leaders of each group. At each meeting one group serves, while the other entertains. Mrs. Carl Kindelberger's group served at this meeting and Mrs. Pierce's side furnished the entertainment.

Following were the special guests of the Sunshine circle at their first meeting: Mrs. Dora Moody of Manchester, Ohio; Mrs. Ida Williams of Rochelle; Mrs. Lettie Smith, Mrs. Tom Simpson and Mrs. C. J. Poltsch of Paw Paw.

Receives Letter

Mrs. Lou Runyan received a letter Wednesday afternoon from Mrs. Obed Briggs, of Marshfield, Oregon in which she writes of the news of their son Stanley and

wife, who were living in Davao, island of Mindano, Philippines at the time the United States declared war. The first word received by his parents was a cable stating that they were well in March. No other news arrived until late in May when Mr. and Mrs. Briggs received two rolls of film from President Gomez, president of the Philippines, who with his wife made their way to America by way of Australia. These pictures were taken in Kolambegam and showed street scenes, many buildings and other objects of interest. In several of the pictures Stanley's wife, Thelma, was shown with several others talking to President Gomez and wife. Stanley evidently took the pictures and the films were developed and sent to Mr. and Mrs. Briggs from Washington D. C.

Government regulations prohibit its army correspondence, evidently because this is all the news that they have been able to receive. Since that time Manila has fallen and many other events have taken place. Mr. and Mrs. Briggs and family were former residents of Paw Paw and all their friends are always glad to hear any news from them and their family. Mr. Briggs was formerly the editor of the Lee County Times here in Paw Paw and is now employed as a correspondent for a newspaper in Oregon.

War Work is Blamed for Juror Shortage

Chicago, Sept. 30—(AP)—War work was blamed today by Cook county Circuit court officials for a shortage of jurors, which has delayed trial of 11,000 cases pending and brought a suggestion for six-member juries.

Chief Justice Thomas J. Lynch said that at least 50 per cent of those summoned for jury duty ask to be excused on the plea that they are engaged in war industry. The court's executive committee suggested that the six-man jury trials would double the number of cases that could be handled.

Illinois Commerce Body, WPB Conflict in Railway Orders

Production Board Is After Rails; ICC Is After Service

Chicago, Sept. 30—(AP)—Conflicting orders by the War Production Board and the Illinois Commerce Commission on discontinuance of sections of the Illinois Terminal Railroad awaited clarification today.

After an announcement that the WPB had requisitioned sections of the road, the state commerce held that they were "vitally needed" as a transportation link between downstate cities and denied the road's request to discontinue passenger service.

Chairman John D. Biggs, in announcing the commission's ruling, said the commission had taken cognizance of the WPB order seizing approximately 130 miles of the road's trackage connecting Peoria, Bloomington and Decatur, and Decatur, Champaign-Urbana and Danville.

Biggs added, however, that the commission had not been notified or consulted in connection with the order. A WPB spokesman said contracts for demolition of the affected line would be awarded within a few days and the railroad announced discontinuance of service on the sections, effective Oct. 10.

Biggs said the commission would seek clarification of the situation by consulting with WPB and Office of Defense Transportation officials.

Says Road is Needed

"The Illinois Terminal is serving a most important and heavily populated district connecting Illinois' larger downstate cities", Biggs said. "It is vitally needed not only in view of the restrictions on the use of private cars, but the prospective reduction in passenger bus operations".

Federal officials said the WPB's war time emergency powers superseded authority of the state

and inter-state commerce commissions.

The line to be taken over would yield about 1,351,680 feet of rail, about 90 per cent of which could be reloaded immediately into shipyards, war plants, and Army and Navy posts and stations. About 2,000 tons of scrap also could be salvaged from unusable rails and five bridges and about 1,331,821 pounds of copper overhead wire reclaimed, the WPB estimated.

POOR POLAND

The details of the atrocities committed against the Polish population are recorded in two huge "black books" published by the Polish government in exile. In July of this year, S. Mikolajczyk, Polish minister for home affairs, estimated that 400,000 Poles and Jews have been killed by the Nazi terror in Poland; that 1,500,000 have been deported to forced labor in Germany, that 200,000 are prisoners of war in Germany, and 170,000 have been forced into the service of the German army.

These cold figures, appalling though they may be in relation to Poland's total population, only faintly reveal the horror of what has happened to the unfortunate country. Among those million and a half deported are young girls taken from their families to serve in brothels, among the 400,000 dead are the victims of hideous tortures in the prison camps, and the population of whole villages cruelly shot down for alleged infractions of Nazi orders. Nor do the figures include the Poles slowly starved to death by the seizure of food supplies and the dislocation of their national economy.

THE TOWN THAT LET HIM DOWN

HE: Well, here's the city limits. Tomorrow I can see my customers around town. Are you tired?

SHE: Not very. Does the car need anything?

HE: Yes, it does, but the map shows no Conoco station here.

SHE: You and your Conoco Nth oil... but I don't blame you... the way this car performs.

HE: Here's the hotel, and a garage right across. Let's leave the car there, eh?

ATTENDANT: Good evening! In for the night?

HE: Yes. Fill the tank, grease her, check the oil, but don't drain.

ATTENDANT: What brand do you use?

HE: Conoco Nth.

ATTENDANT: Sorry, haven't got it... but this is the last straw, mister. You're the fifth driver this week demanding Conoco Nth. Seems like everybody knows about that Death Valley Test, when six engines were run to destruction. Conoco Nth out-leaked the average of five other brands more than two to one. I'm going to get some in stock.

HE: Sure, your regular customers, too, will want Conoco Nth to OIL-PLATE their engine.

Conoco Nth helps keep your oil and your engine clean. It can save you repairs and many a quart. See Your Conoco Mileage Merchant today. Continental Oil Company

ROADS AND RUBBER

BUSES MAKE THEM
Work
without
Waste
FOR VICTORY

Two of America's greatest
war essentials are roads and
rubber, and buses make
both work without waste
for Victory. For buses use
up only a fraction as much
rubber per mile as private
cars. For better trips follow
these tips:

1. Plan trips well in advance; go during mid-week.
2. Select the least crowded schedules.
3. Get tickets early. Take only one traveling bag.
